SUGGESTION FOR DELHI 2021

1. All types of guest houses/ lodges/ small hotels and its connected business should not be operated in streets and it should be on minimum 80 or wider roadside and must be isolated from residence area. (Means no window or entrance gate or service gate should be opened on residence side.
2. Encroachment in laws and both sides of main road must be removed very strictly.
3. Chandni chowk, paharganj, and karol bagh are having historical background and original established and planned the area before independence. Moreover karol bagh and paharganj both areas were established in very planned manners by britishers and emperors.
4. Due to illegal constructions and unauthorized commercialization of old building, which are collapsing day by day and it is losing its historical and original identity.
5. It happened due to Delhi rent act 1958 and builder mafia. If government takes initiate to repeat the existing rent control act of 1958 and take strict action against builder lobby. It can be saved area and solve entire problem.
6. As regard commercialization of the area. The businesses which are no concern with residence should be removed from residence area and must be shifted to industrial area. Example whole sale market of spare parts, scooter, three wheelers, motor vehicles, sale and purchase of old vehicle, denting or painting etc. Moreover no commercial activities may be permitted on first floor and above on any building.
7. Shop owner should not allow parking ^{their} ~~his~~ vehicles on main road, and parking space must be provided in all areas.
