R. K. Raina

Visitor 126.

Representing RWA, Tirthankar Nagar, Jain Colony, Kasala, Delhi-81

Present status of the Colony: M Zone, S. NO-126, Reg. No-1064.

First of all let me compliment DDA for the initiative of this type of participation for the review and modification of MP 2021. First time a people friendly initiative!

My suggestions are in fact my colony centered thereby I have few points for you.

1. we have submitted our lay out plans from time to time and the latest one is the year 2006-2007 as per the stipulated instructions of Urban development ministry. Your deptt (DDA) has put forth few objections. My contention is that these objections must be looked into and resolved in a people friendly spirit and thereby paving the way for the regularization of the Colony.

2. we have come to know that there is a proposal of link roads connecting different proposed sectors. our colony that has been established way back in 1987 falls in the proposed M Zone of the DDA plan. By working upon the proposal of making the link roads would surely inundate the vast construction of our area which is highly populated. Such proposals, if any, should be viewed by the consequential implications both human and material and therefore dropped forth with.

Anticipating this mutual cooperation to foster further. Thanking you in anticipation.

R. K. Raina / T. P. Sharma
