Sub: Regarding suggestions of Old Lajpat Rai Market in Review Master Plan 2021.

Respected Sir,

Suggestions are as follows:

Old Lajpat Rai Mkt. has traditionally been a market of Electronic goods and people connected with this trade, i.e., electronic goods have been doing their business from this market.

This market comprises of about 897 permanent shop holders and mar. stall holders connected with the trade, i.e., electronic trade.

Before 2006, MCD conducted a survey and during that survey made a list of 259 stall holders at Dewan Hall Road doing the business of same trade, i.e., electronic goods in and around

Dewan Hall Road for last more than 30-40 years and a resolution was passed by Standing Committee & House of MCD to regularize them. The resolution No. 397 dated 09.11.2009.

Now a Re-development plan has been proposed by MCD to re-develop the market so as to reorganize it and make it more spacious than before.

The market should be re-developed by making it a multi-storey market so that all the persons connected with this trade, i.e., electronic goods and have been doing their business before 2006 can be accommodated with re-developed market.

Appropriate space should be made available to all the persons connected with this trade, i.e., electronic goods and have been doing their business before 2006 at Dewan Hall Road so that no one is left out because this is traditionally old electronic market and all the persons who have been in the same business for last 30-40 years need to be accommodated in this re-developed plan as per MPD 2021.

Thanking you,

Yours Faithfully,

(S.P. Bhardwaj)
