REVIEW OF DELHI MASTER PLAN 2021

4  
Central Dir. No. 26/11/12  
R&D & Planning  
Delhi Development Authority  
Jeating Asst.

Suggestion

For preparing local area plans on wider roads.

Sir,

We the residence of Mahatama Hansraj Road – Malka Ganj wants to bring to your notice that the road is the extension of commercial / mixed land roads :-

- a. From Ghantaghar to Malka Ganj Crossing.
- b. From Roop Nagar –Banglow Road – Malka Ganj Crossing.
- c. From Old Subji Mandi to Malka Ganj Crossing.

Sir, the road in reference is much wider as compared to the above adjoining mixed land roads which fits to your specification for the purpose for declaring commercial / mixed land roads.

The road under reference is wide with ample space for parking on the road side as compared to the adjoining roads already confirmed as mixed land use as well as the plots on the road are over 800 Sq. Yds. each and also meets the basic attraction and facilities and there is no scope of congestion if the same is also confirmed as mixed land road.

Taking into view the above, we request you to kindly consider the change of status to mixed land use which can help us to uplift and modernize the area in parallel to the other posh areas of New Delhi

Hoping to get your co-operation.

Yours Faithfully
