Sub.: Reg. Development Control Norms for the Kingsway Camp Shop-Cum-Residential Plots

Dear Sir,

As per Modified layout Plan as per the 100 Screening Committee's decision held in 5-5-1995 under Item No. 149/95/SC the Kingsway Camp Redevelopment Scheme is being developed by the DDA. Under this scheme the Ground Floor is to be used for shops and Upper Floors will be used for the Residential use. The Development Control Norms were "Residential".

A decision taken in a meeting of Hon'ble L.G. Delhi that the Architecture Control for the buildings will be amended (D.O. Letter No. 100(5) 98-RN/3106/12454 dated 15/16 Oct., 1998. In this decision the control drawings prepared by the MCD will be followed for sanctioning of the building plans.

Under this scheme the for Modification of Layout Plan for Shop-cum-residential Plots in Outram Line & Hudson Line, Kingsway Camp, File No. PA/Dir. (AP)-1/95/12816 +F-15(10)88/CE for the development Control norms it is passed by the Screening Committee under para No. 3.4 heading "Development Control" it is stated "according to the approved Zonal Plan as and the contents of the authority resolution is to construct building on there plots by using Ground Floor for Shop and the First and Upper Floors for Residence building to be constructed as per building byelaws.

Under the master plan 2001 the applicable norms for the Mixed Land were Residential and the detail also been enclosed.

It is clearly shown that applicable control norms prevailing were Residential norms for our scheme at that time i.e. Governing Control norms for our shop-cum-residences are Residential Development Control Norms.

Subsequently MPD-2021 came into force and accordingly the development control norms for the mixed land use falls into the same category as per "Residential Control Norms" and having provision in which 90% ground coverage and 350 FAR, 15 meters height and zero front and zero rear set back.

Now when demanded from the authority they refused on the grounds that we are governed by standard control drawings. Now there is provision to amend the Standard control drawings as per the new development control norms as per MPD-2021 Page27-(xix).
