Reg- Suggestion for Master Plan-2021

Sub- Suggestion for development of Zonal Plan P-I & P-II Map for R-Zone
Land as per master Plan-2021

Dear Sir,

This is in reference to land situated in various Villages, and in the zonal plan that you have prepared it is no where cleared the use of activities that can be done on the land that you have taken in R-Zone

The authority is therefore requested to please make it clear that what should we do with the that land that you have covered in R-Zone the authority must make it clear that weather we can construct residential houses on the land that you have taken in R-Zone

The Zonal Plan that has been prepared by DDA has completely not cleared the use of Agriculture land therefore our suggestion is to allow us to construct farm house for personal use on 1 acre agriculture land.

The authority while making the zonal plan has ignored the already existing built up area in the villages so our suggestion is to please consider the existing development and make changes in zonal plans

In the end you are requested that for the benefit of the villagers and common man the rules and regulation should be made very simple and precise so that they do not face any difficulty and illegal things should not be encouraged.

Thanking You

Yours Faithfully

Satish Gupta
