My Suggestions are as below.

1. Under the Confining of lay out plan, increase in height 15 meters to 20 meters and F.A.R. from 350 to 450 and projection to 1 Meter is to be allowed.
2. Conversion charges on individual choice yearly or one time it should be on individual choice.
3. Where ^{Hon'ble court} Supreme have ordered free zones, hawkers must be removed, and place for hawkers may be shifted some where else!
4. Ladies Toilets are urgently be increased in Delhi & NCR
5. Where ever Redevelopment plan is recommended it must be completed. Under Land use Rules

INTEGRATED SYSTEM

Integrated System in Delhi & NCR is the only solution for harmony regarding public transportation, water supply, water harvesting, Electricity supply, a good sewerage system and public distribution system. A board is also constituted having a good funds for its operation.

These are my Suggestion for Consideration
Thanks

Your Sincerely
