DWARKA VIHAR RESIDENT WELFARE ASSOCIATION
(Regd. No. 58808)

51, Dwarka Vihar, Kakrola Road, Najafgarh, New Delhi-110 048

Ref. DDA/S/50/2012

Dated: 22/5/12

To,

The Vice Chairman,
Delhi Development Authority,
Vikas Sadan, INA,
New Delhi.

Sub: Suggestion on the point 5.3(b) on Master Plan 2021 (K-Zone) for acquisition of land for 100 metre wide road (UER) from NH-8 to NH-10 via Dwarka, Roshan Pura, Najafgarh, Nangali Sakrawati and Dichaon Kalan - reg

Sir,

It is most respectfully, submitted that:

1. We are the resident of the Dwarka Vihar, Kakraula Raod, Najafgarh, New Delhi-110043 who are the poor person and they have purchased the plots from coloniziers and thereafter raised the construction over it and residing therein with family members last 15 years.
2. The Delhi Development Authority proposed to construct a 100 metre wide road from Dwarka to NH-10 via Roshan pura, Najafgarh, Nangali Sakrawati & Dichaon Kala. There is a built up area of 60% in the revenue estates of Village Tajpur Khurd, 30% in Goela Khurd, 75% in Deendapur, 95% in Roshanpura, 95% in Najafgarh, 95% in Masoodabad, 40% in Nangali Sakrawati and 15% in Dechaon kalan in the shape of unauthorized colonies, local shops and farm houses. It will require a large scale demolition for construction this express road, because unauthorized colonies are found spread up through out the route where this road has been proposed to be constructed.
3. As per the report of the Delhi Pollution Control Committee, Deptt. Of Environment, Govt. of NCT of Delhi submitted to the Special Secretary to CM vide their letter No. DPCC/(8)(10)(26)/PGRC-05/2039 dated 8.9.2006, the 100 meter wide road allegedly proposed by DDA which is from point A to B in the attached site plan shall cause a lot of pollution for the citizens of Delhi as the same passes through heavily populated area. In comparison the 100 meter proposed road point marked A to C passes through agricultural land roughly 3

298

Km from Delhi Haryana border. Such road will reduce the pollution level in the capital as the all heavy vehicle shall be diverted in the said road which are coming from NH-8, NH-1 & NH-10.

In view of aforesaid facts and circumstances, it is, therefore, mostly respectfully prayed that:

1. the 100 meter wide road allegedly proposed by DDA which is from point A to B in the attached site plan may kindly be passed through the site of alignment road A to C (as per map) through revenue estates of village Tajpur Khurd, Deendarpur, Paprawat, Khaira, Mitraun, Haibatpura and Dichaon Kalan of Delhi South West. The most of land involved is under cultivation. Comparatively the route proposed point marked A to C is much better than the already surveyed by DDA from point A to B. It will be in the benefit of general public because
 - (i) It will pass through the vacant and agriculture land and requires no demolition.
 - (ii) It is near by Najafgarh and Grain Market (Anaj Mandi) near by this road.
 - (iii) There is less demolition against proposed road and no any religious place in this road.
 - (iv) Between Chawla to Dichaon no any ponds (Jouhar) exist presently.
 - (v) No any Government or public schools exist in this road.
 - (vi) No any stadium and high extension electric wire exist in this road.

Yours faithfully,

(JAI PARKASH)
Secretary
