**Subject : Suggestion for Mid Term Review of Master Plan of Delhi -2021**

Sir,

This is with reference to Delhi Development Authority Public Notice Dated 04.10.2011 in the Times of India regarding review of Modification in Master plan, following suggestion needs to be incorporated in the Master Plan more viable.

As per master plan schools are already allowed to function from lal dora land. The scope may be extended to Higher Education Colleges. It is suggested that Higher & Technical Education Institutes may please be allowed to function from Lal Dora / Extended Lal Dora Land located on phirni road, since there is a huge gap between the demand for educational institutions and the number of educational institutions available in Delhi NCR, compelling many of the applicants for higher education in Delhi NCR to seek admission in Institute outside the state. Moreover DDA has stopped allotment of institutional plots. Aggravating the problem is the scarcity of institutional land provided by DDA. It has created a total imbalance between the demand and supply of students.

**As such it is suggested that the Master Plan may be reviewed and a policy may be framed allowing higher and technical educational institutes to function from lal dora / extended lal dora area.**

Thanking you,

Yours sincerely,

**Dr. Amit Gupta**
