Dear Sir,

I would like to give some suggestion on behalf of the villagers.

kindly go through them and do the needful.

Suggestions for Review of the Master Plan - 2021

- Bldg. Bye Laws Which were exempted in 1963 for Rural Village & Land adjoining the Abadi.
- Before making any Rules for Rural Area, The Rural Committee is needed to be consolted.
- Commercial Activities in Village Abadi/Lal Dora/Extended Lal Dora is going on. These are the villagers main source of livelihood.
- There is no justification for closing these activites and the exemption given to Rural Areas should continue.
- To provide Mix Land use and some facilities in Rural Area just like:Hospital, Educational Institute, Stadium, I.T.I., Play Ground, Recreation Park etc.
- Exemption of all Taxes: Exemption of all Taxes the whole properties in Village Abadi/Lal Dora/Extended Lal Dora.
- WAIVED OF RESTRICTIONS: Farm Houses, Industrial Units in and around Delhi either at G.T.Karnal Road or other areas including the residential land of MUNDKA (earlier represented by the then Chief Minister Sh. Sahib Singh Verma) and equal treatment is meted outto the rest of Delhi.
- To allow the non-poluted commercial units, to allow in the form of Stores/Godowns for preserving & keeping the products.
- Denofied the Notification dated 17th January, 2011: The provisions of notification dated 17.01.2011 are liable to be de-notified and the village land be made free from control of the harsh provisions of the aforesaid notification. This notification is against the villagers, it will result into destruction of the village community as a whole and against the socio-economic, village heritage & village culture.
