Paragraph/Clause/Subclause	change of land use for peripheral villages of zone L
Date	03/20/2012
Suggestion	<p>sir, i want to suggest that land use for peripheral touching gurgaon villages in zone l which is currently in green belt must be changed to residential because it is in touch of new developing sectors of gurgaon so less infrastructure would be needed to plan new sectors in this area as wide sectorial roads and other facilities are being developed by the builders so it would be easy to develop this area in collaboration with haryana govt</p>
