Suggestion	<p>1) At present On Banda Badhadur Marg from kingsway camp to mukherjee nagar there are two depots one of DTC and other of harayana roadways. Since Mukherjee nagar and adjoining area is densely populated hence there is always chaos on the road. So these depots could be shifted to new locatios near to outer ring road and vacant space can be develpoed as green belt as mukherjee nagar being such a big area but it has no green belt.</p> <p>2) Dheerpur area can be developed as institutional area along with commercial activity space.</p>
