**SUGGESTIONS AND DISCUSSION POINT FOR OPEN HOUSE MEET**  
**ON 08 MAY 2012**

- A. Shopkeepers in residential area be rehabilitated in other vacant areas. Under no circumstances Residential and Commercial areas be mixed together.
- B. Shop cum residence area in a colony should not be converted into local shopping Centre (LSC) as it would destroy the residential character of the colony, specially in case of shop-cum-residence located in the middle of the colony as in Green Park.
- C. In private colonies like Green Park which came into existence before 1962, no change in the approved layout plan be brought about without the concurrence of the majority of residents of the colony as laid down by the Apex Court.
- D. Set backs of private Colonies should not be changed in a piece meal manner. If it is necessary, then complete set back plan of the entire colony be changed and approved as per procedure in vogue. Moreover, setbacks should be as per National Building Code & Building Bye Laws.

- E. Third floor should not be permitted on roads less than 80ft wide.
- F. Since right to sleep is a fundamental right, 20sq mtr shop which officially remains open till 11pm should not be permitted in residential areas.
- G. Master Plan 2021 was apparently designed to favour Builder Lobby, which along with the Commercial establishment is very strong in Delhi. A review should be done to protect the interest, of residents who are unable even to walk in their own colonies due to Commercialisation which create life-long problems of security and traffic for them.
