Suggestion	As per the guidelines of MPD -2021 Clause 6.20 City Level wholesale Markets As for the unauthorized encroachment on roads and Govt Lands is concerned the provision is correct but My suggestion the relieve should be given to existing enterprises who purchased a small area in a building which was constructed before 20-25 yrs or before 2007 by some builders without knowing the violations of building by laws had done by builders or not. Clause 6.2.1 My suggestions is the same kind of the efforts should adopt for the areas like karol Bagh wholesale markets where unauthorized constreuction/100% coverage or clubbing of plots were done before 2007 should accommodate at the same location.
