Type	SHELTER
Paragraph/Clause /Subclause	farmhouse/ country homes
Date	10/04/2011
Suggestion	<p>All Farmhouses which are already built in Delhi beyond sanction/approved or without approvals should be regularised by payment of penalty with some basic rules like setback etc. over 5000 farmhouses in Delhi have excess or unauthorised construction and it is best to regularise it under Master Plan to avoid further activity and legalise the matter. This will earn MCD/ DDa good revenue also . 2) Country Homes and Farmhouses should be allowed in ALL Farm / Agricultural areas of Delhi. There is no need to exclude "regional park " from this permissions. Regional Park is a unnecessary imposition on an area which already has hundreds of Farmhouses . If Amusement Parks etc can be given permission , why not Farmhouses or COuntry Homes ? If this area needs to be maintained as a Green Area, it is better to allow <u>Farmhouses with 80% Green / tree cover rather than amusement parks and other such recreation parks and Motels etc</u></p>
