Review of MPD-2021

Sir,

This has ref. to your press advertisement in newspaper on the above subject.

Please allow me to suggest & request as under :-

My suggestion is in respect of Zone F, South Delhi, SUB-ZONE-8.

My family is the owner of a property bearing Municipal No. 45, Mehrauli Badarpur Road; revenue estate No. 5/1 & 5/2, village Pupehlad under tehsil Kalkaji (Delhi). This property measure approx. 13 bighas (12500 Sq Yards) We regularly pay the applicable property tax & is paid upto date.

This is our ancestral property, built-up around years 1910-1915. The property compound encompasses a Shiv Mandir; a Well, known as 'Lal Kuan' and various built up structures, scattered in the property compound. This property is occupied by Industrial Home for the Blind which is using it for residential cum industrial purpose of it blind-inmates since 1944-45.

As per master plan the said property file under 'Recreational' (green area) where no developmental activity is allowed.

Our property is a typical case of wrong classification of an area, without looking into the ground realities.

As stated above, and this statement can be verified from the government's revenue records the well "Lal Kuan", the Shiv Temple and the buildings residential purposes are in existence for nearly a hundred years now.

Due to wrong classification of this area as 'RECREATIONAL' we are not allowed to carry any major re-construction / renovation / major repairs of the structures, improve the Well & the said Mandir, the residential quarters of blinds which is in highly diaplated condition & can create a havoc anytime.

The Municipal authorities & police does not permit renovation of these old structures, about 100 years old buildings etc.

As is well-known, Delhi falls under high risk seismic zone and any mild or mild to heavy earthquake tremors could lead to collapsed to these buildings, thereby causing threat to lives of inmates and others.

We entirely agree with Shri. Kamal Nath honorable Minister of Urban Development Union of India, that the **"Master Plan of Delhi, 2021", does not take into account the actual ground realities.**

I would like to reproduce below the statement of Shri. Kamal Nath the h'ble minister appearing in Times of India, New Delhi news paper 11-11-11 (today), which interalia reads :-

- **"Union Urban Development Minister Kamal Nath has said 50-60% of the Master Plan of Delhi 2021 has become irrelevant as it does not take into account the ground realities".**
- **Shri. Nath said " Nearly 50-60% of Master Plan has become irrelevant needing revision. Drawing up the Master Plan in offices is different from doing it taking into account the ground realities".**
- **"Shri. Nath said there is need to take into account properties which have been there for over 50 years"**
- **Copy of the above referred new item is enclosed for ready reference.**

Boundary wall of the nearest Archeological Survey of India (ASI) protected monument. Tuglakabad Fort (Sr. no. 43 appendix II of the DDA Zonal Development Plan) is more than 950m away, thereby there would not be any violation of the ASI guideline in this regard as well.

Under the facts & circumstances stated above you are requested to please modify the relevant portion of master plan suitably and allow the property to be classified for Residential / Residential cum commercial / light industrial usage.

Please allow me personal hearing if the need be to place the above and more relevant facts before the appropriate authorities to assist in rationalization of the act & to make it relevant & useful..

Thanking you.

Yours truly,
Anil Kumar

him not to cross the limit." Re- acting to Tanwar's allegation, he was just "politicizing the is- sue".

Tanwar told TOI: "They have ruined Delhi. I told

Dikshit and Nath that I'll ex- pose them. They are favouring DLF. The Chanakya Chema complex has been given to DLF and this parking too is with them. NDMC is getting noth- ing in return. The realtors will

earn crores every month and what will NDMC get? I was speaking to Sheila and Kamal Nath, why did Ahuja inter- vene?" NDMC sources pointed out that all the projects have been awarded after a proper

tendering process.

With the two MLAs fight- ing, Nath, Dikshit, Tajdar Ba- har, NDMC vice-chairperson, and Archana Arora, chairper- son, left the function midway. Sources say the argument be- tween the two MLAs went on for nearly 15 minutes. "Things turned ugly after a point as they were attacking each oth- er's character. They were us- ing Hindi expletives. This is not expected of elected mem- bers. If they have any differ- ences, they should sort it out elsewhere, not in public," said a guest.

As reported in TOI earlier, the parking at Sarojini Nagar is Asia's largest and Delhi's first automated multi-level parking. It can accommodate 824 cars at a time. The first two floors of the nine-storeyed parking lot will have a shop- ping complex. The parking charge is Rs 10 per hour. NDMC officials say parking will be free of cost in the first two months as they will be con- ducting trial runs and in- crease the load gradually.

NDMC mulls hike in charges

TIMES NEWS NETWORK

New Delhi: New Delhi Mu- nicipal Council is planning to increase parking charges at NDMC parking sites. This comes after the city's first automated multi-level car parking was inaugurated at Sarojini Nagar.

Though a final decision is yet to be taken, sources say NDMC is considering Supreme Court-appointed Environment Pollution (prevention and control) Authority's (EPCA) direc- tives on increasing parking charges.

"We are considering the recommendations of EPCA to increase parking charges at NDMC parking sites in Sarojini Nagar. A final deci- sion will be taken soon," said Santosh D Vaidya, sec- retary, NDMC. However, traders said the move is aimed at increasing the rev- enue of the newly inaugu- rated parking lot.

Master Plan-2021 irrelevant: Nath

TIMES NEWS NETWORK

New Delhi: Union urban development minister Ka- mal Nath has said 50-60% of the Master Plan of Delhi 2021 has become irrelevant as it does not take into ac- count the ground realities. This comes nearly 5 years after the plan has been im- plemented.

Speaking at the inaugu- ral function of the city's first automated car parking in Sarojini Nagar on Thurs- day, Nath said, the MPD-2021 will be revised keeping in mind the exist- ing situation.

Nath said, "Nearly 60% of the Master Plan has become irrelevant needing revision. Drawing up the Master Plan in office is dif- ferent from doing it taking into account the ground re- alities." Referring to the ongoing

sealing and demolition drive, Nath said there is a need to take into account properties which have been there for over 50 years. "Markets, which have exist- ed for long, can't be done away with in the Master Plan. But civic agencies should take action against unauthorized construc- tions and encroachment of government land," he said. People living in special ar- eas can breathe easy as the government has decided to extend the National Capital Territory of Delhi Laws (special provision) Act, till next year.

However, Nath said ac- tion should be taken against illegal constructions. Speaking about the sealing drive at Gaffar market, he said, "Safety of the people is important. Action should be taken against illegal con- structions in the city."
