Dear Shri Nath Ji.

Being a bonafide citizen of Delhi. Kindly accept my deep gratitude and thanks to you for adopting a participative approach in regard to review of master plan for Delhi 2021, under your leadership as Minister of Urban development of India of our great country.

It is unique step for marching forward of preparation to make Delhi world first class National Capital of India.

I recall when Pt. Jawahar Lal Nehru Ji exhorted people to participate in National Community development plan/programme on the occasion of its inauguration on 2nd October 1952.

He also told that no development programme could be success without people's participation

We shall submit our suggestions in this regard to you in due course for your kind consideration.

Wishing you grand success in your endeavors.

Assuring you our whole hearted support and co-operation.

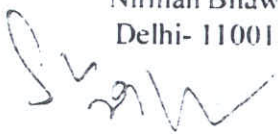

With respectful regards

Yours sincerely

(RAVI DUTT)
