Subject : Objection regarding the width of Khudiram Bose Marg as per the suggestion given in the Master Plan 2021.

Respecter Sir,

This is in reference to the advertisement in the newspaper published on Feb-2012 inviting the objection for amendment in the Master Plan 2021. I being, the President of RWA Pratap Nagar JanKalyan wish to give the following suggestion for amendments in master plan 2021:

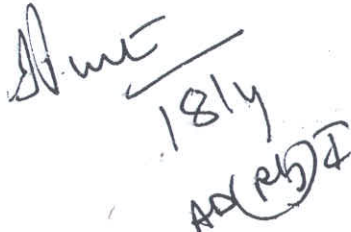

1. That at present the Khudiram Bose Marg which leads from Mayur Vihar Ph-1 to Trilokpuri have a width 15 meter which is according to population is sufficient and does not require any increase.
2. That in case the government feels that the width of the Khudiram Bose Marg is required to be increased, in that situation the govt can make this road (Khudiram Bose marg) as one way and road parallel to this road towards Samachar Apartment side called as Sahakarita road can be used as other side of the one way road.
3. That if above two given suggestions are not feasible, if the govt feels that width of the Khudiram Bose Marg is still required to be increased then the width of the road can be increased towards the Pocket -IV Mayur Vihar phase -1 side. As this side has more open and un-constructed space as the other side of the road (i.e. Pratap Nagar side) there are big constructed areas (houses and shops) where people are living and are running their livelihood. And increasing the road towards the Pratap Nagar side will adversely affect the livelihood of minimum 1000 or more families and make people homeless who are dependent on this road.

It is therefore most respectfully prayed that present status of the Khudiram Bose Marg may kindly not disturbed and in case if it is required then above given suggestions should be considered in the interest of people.

Thanking You,

Balram Dixit
(President)
