Sub: **Some suggestions about the Master Plan - Request for Permitting Commercial activity at least on Ground Floor on the existing shops on all 80 ft. (18/24 mtr. & above) wide roads.**

Respected Sir,

With due respect I seek to present before you some long-standing but deeply-felt suggestions and most genuine requests for your kind consideration. While numerous people have benefitted from the earlier version of the Master Plan 2021, there are some basic shortcomings because of which the shops/establishments which are on the unnotified roads are still suffering and languishing in misery. For a long time I have been pleading with the relevant authorities to take at least one of the following measures **all of which are appropriate and justified on legal, human and moral grounds:-**

To grant permission to shops existing till Jan. 2006. While this may preferably be done in all cases but specially in the case of roads with 18/24 mtr. or wider ROW, because these roads are mostly either peripheral (as they are on the periphery of the blocks) or on the main highways. Moreover, as most of the roads which had good number of shops have already been notified; only a few roads are left. Kindly allow **mixed land use facility** on these roads also. Thousands of new shops have come up on the notified roads. I hope you will agree that it is unfair and unjust to allow new shops on these roads and order the closure/sealing of the shops which have been in existence for so many years. Many middle class families have invested their life time savings in these shops. Your kind gesture will not only put an end to the unfortunate discrimination but also ensure a just and humane treatment of the people who have already suffered huge losses.

In a few words my request is:

- gg) kindly allow the MLU facility on all roads (60/80 ft. Wide). Being confined only to the ground floor the commercial activity will be very very limited;
- hh) at least permit the shops existing on these unnotified roads at the time of notification of the Master Plan;
- ii) such a permission will not create any big problem because such shops are few in number;
- jj) besides providing tremendous relief to the suffering business community it will also add a touch of fairness, equity, justice and generosity to the present govt.

I may assure you that besides, goodwill and grace that this gesture will bring you will be earning the blessings of so many suffering hearts.

With kind regards,

Dr. Vikram Chopra

Dr. Vikram Chopra taught English literature for more than four decades in ARSD College, University of Delhi. An ardent lover of Shakespeare, he has a doctorate on "Shakespeare's Major Tragedies: A Study in the Context of Indian Approaches" wherein he has explored the spiritual accent in Shakespeare's tragedies in the light of Indian thought. Founder Secretary of the Shakespeare Society of India (1987-1993), he is currently on its Executive Committee. He was Co-ordinating Editor for India in the *Shakespeare Data Bank*, Illinois. He is a member of the International Committee of Correspondents for *World Shakespeare Bibliography* maintained by *Shakespeare Quarterly*. Dr. Chopra has presented several papers in national and international seminars and has published in various Indian and foreign journals that include *The Literary Criterion*, *Indian Journal of English Studies*, *Bulletin of the Ramakrishna Mission Institute of Culture*, *Hamlet Studies*, *Shakespeare Bulletin* (New York), and *Folio* (Holland). He has edited a volume of critical essays: *Shakespeare: Varied Perspectives*. This volume, with a Foreword by Professor Kenneth Muir, contains articles written by eminent scholars including those from Australia, Holland, Japan, U.K. and the U.S.A. The volume was well received both in India and abroad.

Dr. Chopra has recently brought out a book on Shakespeare entitled *Shakespeare: The Indian Icon* in which he has presented a broad and comprehensive view of Shakespeare's reception and his gradual assimilation into India's cultural ethos. The book covers a whole century of India's response: social, cultural, academic. The book was released by Hon'ble Dr. Karan Singh, Member of Parliament and Chairman, Indian Council of Cultural Relations in the presence of distinguished scholars and theatre personalities.

Dr. Chopra belongs to a family with great patriotic and humanitarian tradition. While his grandfather was highly religious minded spiritual thinker, his father Dr. Madan Mohan Chopra was a member of Shaheed Bhagat Singh's party and made substantial contribution to India's freedom struggle. He had the blessed privilege of working with Lala Lajpat Rai, Mahatma Gandhi, Jawaharlal Nehru, Subhash Chander Bose, Sardar Patel and Maulana Abul Kalam Azad. He was the Founder Secretary and later National President of the All India Freedom Fighters Samiti.

Dr. Vikram Chopra has also led a life dedicated to society. Service to Art and Literature and the promotion of love and joy in mankind are the basic creeds of his life. Shakespeare has been the love and *raison d'être* of his academic pursuits. *Shakespeare: The Indian Icon* is yet another proof of his devotion to the immortal Bard.

Respected Mr. Reddy Sir,

I am forwarding herewith a request of Dr. Vikram Chopra, Dept. of English ARSD College, Dhaula Kuan for granting one time amnesty and regularising the existing shops on the un notified roads at least in C,D,E,F categories which are owned mostly by people from middle and lower income group. He has further represented that the total no of such shops constitute a miniscule portion of the total commercial activities in Delhi. The Govt. may put a ban on further commercialization of residential area but should not resort to closure of existing shops in un notified roads as this will make thousands of business families suffer huge financial loss. The middle class people have invested their life time savings to open a shop for their children as well as for their old age comfort. Therefore, he made a request for reconsideration or re-survey of the roads in the Master Plan 2021.

May I therefore request you to kindly look into the matter for an appropriate action.

With Regards -

Yours sincerely,

The title of *Shakespeare: The Indian Icon* suits this book which contains a great deal of useful information on Indian response to Shakespeare: social, cultural and academic. It is a voluminous collection of essays on Shakespearean interpretation, adaptation, appropriation, performances, films and so on. Readers will understand well that the relationship between the Indians and Shakespeare is solid and unique. The Indians have found a significant correlation between their thought, ethos and humanist moral aesthetics, and his multidimensional and multilayered world. ... The Shakespeare Society of Japan proposed me to write a book review for *Shakespeare News*... Perhaps I will write it in Japanese because it will be much easier for the Japanese people to read it and more helpful to spread Indian ideas and views in Japan. But if you want me to write it in English, please tell me. Your book will be internationally known because the next volume of *Multicultural Shakespeare* will public my English version of the book review.

best wishes,

~ Professor Yoshiko Kawachi
Kyorin University, Tokyo, Japan

Thank you for that immense parcel with your *magnum opus*. It is immense. What an achievement. It must have taken you a lot of effort to produce this labour of love! And very timely too, since such perceptions of our individual countries are eagerly needed these days.

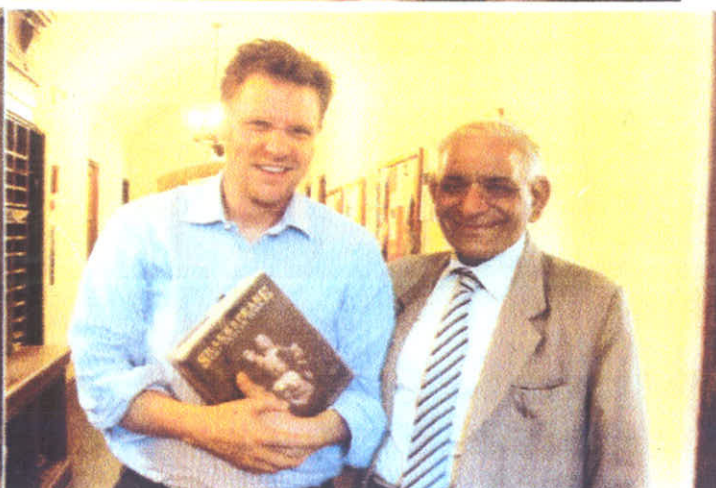

~ A.J. Hoenselaars, University of Utrecht,

I perused your magnificent book and I am absolutely overwhelmed by the enormous work that you have done. This hefty volume of yours is a veritable mine of information on Shakespeare in India.
