DEAR SIR, YOUR REF :REVIEW OF Master Plan- LOCAL AREA PLAN-MP/ ZONAL ROAD-ISSUE FOR SOUTH DELHI- MAIN ARBINDO MARG / MEHARAU LI ROAD

Sub: WIDTH OF 46 M TO 50 M OF AUROBINDO MARG BETWEEN GREEN PARK METRO STATIONS ON EITHER SIDES OF THIS ROAD STARTING FROM GURU - DWARA UPTO GAUTAM NAGAR INTERSECTION

- 1.0 AS per MASTER PLAN 2012, THE PROPOSED WIDTH IS 60 to 64 M for entire Aurobindo Marg as stated in para 10.2.1 Hierarchy of Roads
- 2.0 But the ACTUAL ROAD WIDTH NEED TO BE RESTRICTED DUE TO WIDTH OF 46 M TO 50 M OF AUROBINDO MARG BETWEEN the two portions of GREEN PARK METRO STATIONS ON EITHER SIDES OF THIS ROAD. Thus, Here "natural restriction" has taken place , FROM GURU-DWARA UPTO GAUTAM NAGAR INTERSECTION
- 3.0 This portion needs to retain exiting status keeping in view provisions of para 11.2 URBAN RENEWAL (ii) Yusuf Sarai. Therefore the provision for this Road be adopted & suitable incorporation in the Master Plan 2012 need be provided

Handwritten: 24/5, ADPST

4.0 Kindly arrange to notify this amendment as it also meets the SITE CONDITIONS.

Thanking You,

Your's Faithfully

(Prem Aggarwal)
