**SUBJECT:- Master plan for Delhi 2012**

Dear Sir,

I am a resident of D-Block, East of Kailash,New Delhi.

In my view point i am AGAINST the commercialization which is happening in the residential area. most of the area near our residence have turned into commercial offices/retail shops. These places dont have parking space. in 1 building there are 150-200 people working in which 100 get there vehicles and park there vehicles outside our residence and on road side causing traffic jams. the pedestrians are also at risk of there life.

I also say that the DDA should Ban the Banks/showrooms in residential area's. I think so DDA has enough commercial complex, community centers where these commercial activities can take place, BUT due to less rents people are doing commercial activities in residential area's and we the Residents cannot stay in peace.

I hope you would look into the suggestions

Thanks and Best Regards

Karan Aggarwal
