Subject: Fw: suggestions of MPD-2021

OFFICE OF THE DIR (Plg.)
MPP/TC, D.D.A. N. DELHI-2
Dy.No. 3540
Dated 28.5.12

Dear sir,

This is regarding the suggestion asked for Master Plan 2021 for East District, Delhi, published in the Daily Newspaper.

Being the local resident of Karawal Nagar area including Dayal Pur & Sadatpur, I directly face date to date problemes which are estreemly needed for leading a normal life in a Metropolitan city. It is therefore, I humbly request you to kindly incorporate my following suggestions while preparing the Master Plan -2021 as these are also beneficial for other resident of this area:-

1. There is not any community centre to arrange any kind of religious/social get to gather or marriages etc. In absence of this people arrage this programmes on the road side which couse is traffic jam on road and streets also. Besides, sometimes poor people have to pay very high for hiring a banquet hall for marriages.
2. There is also not any park in this area from Bhanjan Pura to Karawal Nagar area(in 8KM) due to which children, some time children plays on road and get accidents.
3. There is not any notified bus stand which also very improtant for transportation purpose.
4. No good big/small hospital is available here due to which everybody has to go either GTB Hospital or Aruna Asaf Ali Hospital which are very far from this area.

These are the main and basic facilities which should be provided to the residents of this area. Hence, I request you again that these basic emnities must be included in the MPD-2021 so that the people of this area could lead a good life like a capital city's life.

Yours sincerely,
Residents of Dayal pur(Karawal Ngr).
