To

The Director (Planning),
 D.D.A, Vikas Minar,
 New Delhi.

Suggestion to review of Master Plan 2021-Delhi.

...

Dear Sir,

I am a resident of South Delhi in D.D.A flats, Katwaria Sarai, New Delhi. There is a village adjacent to D.D.A flats. In village there are so many tenants, There is a great congestion around the corner. The villagers have encroached the land and built six to seven storey buildings for the purposes of rents. The D.D.A flats have no boundary wall. The villagers have closed their way to enter into their houses. Now they have started to enter into the D.D.A flats. They generally, utters that this is their land where flats have ^{been} constructed. They parks their vehicles in the space available in D.D.A flatx because there is no boundary wall. The bad elements are moving at night in D.D.A flats. There is no security for the residents of D.D.A flats.

We request that the D.D.A flats should have a boundary wall so that the residents of flats live peacefully in their house.

It is also added that Katwaria Sarai is very congestive place in Delhi it should be remain separate from D D.A flats. There is no parking place for vehicles. The map of building should not be approved until and unless the parking space is not given in the building.

Lilu Ram

(LILU RAM)
 B-24, DDA flats, Phase I,
 Katwaria Sarai, New Delhi-16.
