Kind Attn. Mr Chandu Bhutia, Date : 30th Apr 2012

At the very outset, the proposed 30 meter road passing though Sadulajab towards Country Club (Anupam Gardens) should not be 30 meters but only between 10 to 15 meters. Reason being this is a purely residential colony peaceful, quiet and negligible traffic with plenty of greenery, which is the basics for a Res. Colony. The moment you widen this road beyond 15 meters the ecological / environmental balance will be lost, there will be all types of Traffic nuisance, unruly honking vehicles, pollution, dust everywhere going into peace loving households and above all felling of numerous trees etc. Moreover the widening if at all is to be done, it should not be more than 12 meters and to be widened only by taking Land from other side opposite our House with vacant land.

A formal Application "in response to your advertisement in HT news paper dated 18-02-2012 and earlier, out Area is shown in master plan in a residential zone" is attached herewith.
