**SUBJECT: - Suggestions for Master plan for Delhi  
2012**

Dear Sir,

I am a resident of D-Block, East of Kailash, New Delhi.

In my view point I am AGAINST the commercialization which is happening in the residential area. Most of the areas near our residence have turned into commercial offices/retail shops. These places don't have parking space. In 1 building there are 150-200 people working in which 100 get their vehicles and park their vehicles outside our residence and on road side causing traffic jams. The pedestrians are also at risk of their life.

I also say that the DDA should Ban the Banks/showrooms in residential areas.

I think so DDA has enough commercial complexes, community centers, district centers with parking space where these commercial activities can take place,

BUT due to less rents people are doing commercial activities in residential areas and we the Residents cannot stay in peace.

I hope you would look into the suggestions

Thanks and Best Regards
