## COMMENTS/SUGGESTIONS ON MDP 2021

PSK 29.5.12

A meeting was held in Conference Room of Shri Kamal Nath, Minister for Urban Development Government of India in September 2011 in which this Federation was one of the Citizen Group invited to make presentation on MDP 2021. The suggestions and the comments given by this Federation during the discussions are given in the following communications:

- (i) Letter dated 29<sup>th</sup> September 2011 addressed to Shri Kamal Nath
- (ii) Suggestions & Comments on the MDP 2012
- (iii) Letter dated 1<sup>st</sup> December 2011

We also enclose a copy of our letter dated 25<sup>th</sup> July 2011 to Shri Naseeb Singh MLA and a copy of our letter dated the 25<sup>th</sup> February 2012 to Shri Tejendra Khanna, Hon Lt. Governor of Delhi on this issue.

We would like to reiterate-

- (i) 500m wide belt on both side of the MRTS Zones in Cooperative Societies zones as suggested needs to be reconsidered. The high rise building will affect the ecological and environment besides having adverse effect on its already laid services.
- (ii) MCD have failed to provide parking for the commercial zones as assured with the result the cycle and pedestrian foot paths have become thing of the past and there is rampant encroachment leaving hardly any space to move on foot.
- (iii) DDA has failed in its commitments. Karkari More Signal Free which was sanctioned and awarded as a deposit work of PWD as far back as 25 years. This continues in doll drum because of DDA & UTTIPEC its technical members from outside having no knowledge practical difficulties we users face. This is an urgent need of this area because of the only corridor to Central Delhi.
- (iv) The DDA is more concerned about housing rather than providing basic facilities for the existing ones. As brought out in the letter to Shri Kamal Nath, 46 of the 87 Cooperative House Building Societies already exist in this area. These Societies and 127 Group Housing Societies as also the DDA's SFS Flats in Mayir Vihar belong to the Central, State Government and PSUs Officers. DDA has allotted the land to private Hospitals and Nursing Homes. There is no Super Specialty hospital like AIIMS and we the Central Government Officers who are mostly retired Senior Citizens have to go to RML at a distance of 20 Kms. We suggest a Super Speciality Hospital of the Central Government should be built in the land adjacent to Karkardooma Metro Station as suggested by the I.G.
- (v) There is only one Vocational College e.g. Sukh Dev College of Business Studies in this area. Government had decided to move this College another site outside East. In view LG's decisions and keeping in view the large population and adjoining NCR requirements this College should be allowed to continue in the East and allotted land in the MRTS zone near Karkardooma
- (vi) The development of CBD Shahadara is very slow. Whose responsibility is this We make plans but these remain on Paper
- (vii) Neither the DDA nor the MCD have fulfilled their assurances till today and we Citizens suffer
- (viii) The factories allotted land have remained in their existing area though given land because of political WILL. What is the need for these Plans
- (ix) Our plans have invariably failed to pick up because of multifarious agencies. There should be a SINGLE WINDOW SYSTEM for implementation of our Plans

(S.R.SANGAR)  
Secretary General
