Sub: Suggestion – Reviewing Master Plan Delhi 2021 Regarding T/C Coop. Societies Running in Delhi.

Sir/Madam,

As D.D.A has asked for suggestion for reviewing of Master Plan Delhi 2021. I would like to inform you that registered Thrift & Credit Coop. Societies office should be allowed to operate in residential area with no limit of area restriction in which it can operate because coop. societies main object is social welfare of members and their children which can be done in many ways such as old age homes, cruches etc. Many Thrift & Credit Coop. Societes, Cruches are running in Govt. Offices as they are welfare activities. All T/C Coop. Societies are registered in same act and from same place with same objects. As there is no instructions in act and rules that societies can't be registered from residential area so societies should be allowed to operate in residential areas. Coop. society is running in supreme court as well without taking any rent from them as per RTI reply received by us. Bank inside premises of supreme court is giving rent per month whereas societies are exempted as they are welfare activities for members and run for welfare of their members.

Thanking you.

Yours faithfully

Anil Kumar Mathur
